PROJECTS

Shanti Renewable Energy Pvt. Ltd. 
Designed and developed the official corporate website for Shanti Renewables with a fully responsive and performance-optimized layout across all devices. Implemented structured page designs with seamless navigation and on-page SEO best practices for improved search visibility. Built a dynamic admin dashboard to manage products and update website content efficiently and independently.

White Panther Bicycle 
Designed and developed a modern, responsive website for White Panther Bicycle, a premium cycling brand based in Morbi. The website features a clean, user-friendly interface with detailed product specifications and brand storytelling. Integrated contact forms, location maps, and customer support features to enhance user engagement. Focused on creating a seamless browsing experience across all devices.

Tanvi Chandalia Portfolio 
Designed and developed a professional portfolio website to present both corporate and personal development projects. The platform demonstrates practical experience through well-structured case presentations, responsive layouts, and user-centric design. It effectively communicates project outcomes and the ability to deliver refined, high-quality web solutions in real-world environments.
